## TELESCOPIC BELT CONVEYOR

After packaging, the bags need to be loaded into vehicles for transportation. Telescopic belt conveyors have been specifically designed for this process, providing the most efficient stacking solution.

TBZ series telescopic belt conveyors are designed to be adjustable in length and height. Thanks to the remote control on the belt, the operator can easily adjust the belt position according to the stacking situation.

## USAGE AREAS

- Feed mills
- Chemistry plants
- Cement plants
